To: _NMFS PIC FEDEMPS <nmfs.pic.fedemps@noaa.gov>

The Office of Personnel Management (OPM) issued a Compensation Policy Memoranda (CPM) regarding January 2024 pay adjustments, addressing the President's Executive Order authorizing a 4.7 percent across-the-board increase for statutory pay systems and locality pay increases costing approximately 0.5 percent of basic payroll, reflecting **an overall average pay increase of 5.2 percent.** Additionally, this year the non-foreign Cost of Living Allowance **(COLA) rate for Honolulu County 8.9%**. This pay raise took effect as of Pay Period 01 ((1/14 - 1/27/24) which paid out for us OOA 2/3/24. NOAA was able to time the pay raise implementation perfectly so no backpay will be necessary (i.e., **what we received on 2/3/24 is what we should expect for each pay period going forward**).

DoC Pay Tables
The Hawaii-specific Department of Commerce (DoC) Commerce Alternative Pay System (CAPS) Pay Tables are attached for all 4 Career Paths (ZA, ZP, ZS, and ZT) plus a second special pay allowances for unique job series.

Locality Pay vs COLA
A Locality Pay Fact Sheet (January 2024) is provided by our partners at the Honolulu-Pacific Federal Executive Board (HPFEB) which helps to explain the relationship between locality pay and the non-foreign Cost of Living Allowance (COLA) that we receive in Honolulu County is attached.

Thrift Saving Plan
Finally, you all dedicate your time, day-in and day-out, to the support and delivery of NMFS mission requirements. You work tirelessly to ensure that our Federally appropriated dollars are best invested to achieve these mission imperatives, But are you also watching out for your own personal fiscal well-being? Being the beginning of the calendar year and with a significant annual pay raise, **this could be an excellent time to review your long-term personal savings strategy with your Thrift Saving Plan (TSP).**

Are we all taking full advantage of the (free) federal government matching program for contributions to your TSP account?

As a FERS or BRS participant, you receive matching contributions on the first 5% of pay that you contribute each pay period.

Your Biweekly Contribution	Automatic 1% Contribution	Agency Matching Contribution	Total Contributions
0%	1%	0%	1%
1%	1%	1%	3%
2%	1%	2%	5%
3%	1%	3%	7%
4%	1%	3.5%	8.5%
5%	1%	4%	10%
5% +	1%	4%	Your % + 5%

Here is the full official TSP webpage to describe all the nuances for federal government matching to align with our personal contributions: https://www.tsp.gov/making-contributions/contribution-types/

Did you know that there are **currently almost 100,000 Federal employees who have amassed a TSP account value of $1 Million or more - could you be on track to join them?** Here is an article from Federal News Network that speaks to the topic: https://federalnewsnetwork.com/mike-causey-federal-report/2021/08/good-news-there-are-98879-federal-tsp-millionaires-bad-news-too-many-people-know-it/

Now let's do great science!
