Aloha Michelle and Nico,

I am happy to let you know that you have been selected for the detail position within the new Oceanic Fisheries Stock Assessment Program (OSAP). This is a unique opportunity to actively contribute to shaping our program as we transition to the new FRMD structure.

Your detail will begin on the following dates:

Michelle Sculley: Starting November 18
Nico: Following Michelle's rotation

Each rotation is set for 60 days. However, as we aim to announce the permanent supervisory positions soon, the timeline may adjust depending on the onboarding schedule. While we intend each rotation to run the entire term, we will go ahead with the above rotation and let you know of any needed updates.

Thank you for your commitment and flexibility as we move forward with this exciting phase. Your leadership will be invaluable in bringing the OSAP visions to life.

Mahalo nui,
Felipe
